# USA FOOTBALL ANNOUNCES FINAL ROSTERS FOR U.S. MEN'S AND WOMEN'S FLAG NATIONAL TEAMS COMPETING IN THE WORLD GAMES 2022

INDIANAPOLIS – USA Football, the sport's national governing body and a member of the U.S. Olympic & Paralympic Committee, announced today the final rosters for the 2022 U.S. Men's and Women's Flag National Teams that will compete in The World Games 2022 in Birmingham, Ala. from July 7-17. The event represents flag football's debut on a multi-sport, global stage and will feature 16 flag football national teams – eight men's and eight women's – spanning four continents.

USA Football introduced the U.S. Men's and Women's **preliminary rosters**, which consisted of 24 men and 24 women, in January. A competitive, in-person evaluation process trimmed each roster to 12 athletes and six alternates. The selected players will represent the United States on the largest stage in flag's history when The World Games 2022 kick off this summer.

Nine states are represented on the combined final U.S. National Team rosters, including alternates: Florida (17), Texas (11), North Carolina (2), California (1), Colorado (1), Louisiana (1), New Jersey (1), Pennsylvania (1), and Virginia (1).

"The women and men who comprise our U.S. Flag National Teams are elite, world-class athletes and are inspired to compete for gold in Birmingham this summer," said USA Football Managing Director of High Performance and National Teams **ERIC MAYES**. "The World Games 2022 represents a historic stage for American Football and flag in particular. Our players and coaches are excited to face the world's best competition in Legion Field and show fans everywhere the dynamic, fast-paced action that makes flag so thrilling to watch."

The U.S. Men's and Women's National Teams won gold medals at the International Federation of American Football (IFAF) **Flag World Championships** in Jerusalem, Israel this past December, successfully defending their 2018 World Championship titles. IFAF is football's international federation, a member of the Global Association of International Sports Federations, and provisionally recognized by the International Olympic Committee (IOC). IFAF's family of 71 member nations across six continents has increased more than 75 percent in the past 15 years, up from 40 in 2007.
